

**House of Student Representatives**  
**99<sup>th</sup> Session**  
**Texas Christian University**

H.R. 99-14 \_\_\_\_\_

Introduced By: Thomas Kober  
Katie Russell

Action Taken: Passed \_\_\_\_\_

Certified By:   
Luke Harville  
Speaker of the House

Date: March, 26, 2012 \_\_\_\_\_

Duly Approved:   
Josh Simpson  
Student Body President

1     **"A Resolution to Grant Twenty-Four Hour Access to the Walsh/Ed Landreth Complex for**  
2     **Performing Arts Students"**

3     Whereas:     Study environments vital to a student's success, such as the Mary Coutts Burnett  
4                   Library, are accessible twenty-four hours per day during TCU's standard  
5                   academic session, and

6     Whereas:     Currently there are only nine campus practice rooms available to students  
7                   twenty-four hours per day, and

8     Whereas:     There are currently just under three hundred music majors and more additional  
9                   performing arts students in the need of practice facilities, and

10    Whereas:     These students' class and rehearsal schedules often prohibit them from practicing  
11                   during the day, and

12    Whereas:     There are many more practice spaces available in the Walsh/Ed Landreth  
13                   Complex, and

14    Whereas:     This complex has recently been renovated to enhance security with the addition  
15                   of security cameras and card key entrances, and

16    Whereas:     Currently, performing arts students can enter the complex until midnight using  
17                   the card key entrances and are not required to leave when access to the building  
18                   ceases, therefore

19    Let it be resolved by the House of Student Representatives at Texas Christian University:

20           (1)     The student government encourages the College of Fine Arts, TCU Police, and  
21                   University Officials to grant College of Fine Arts students access to the  
22                   Walsh/Ed Landreth Complex for twenty-four hours per day, utilizing the west  
23                   Walsh Lobby card key entrance point, and

24           (2)     The resolution authors will meet with the aforementioned officials to discuss the  
25                   logistics for the project and will report back to the House of Student  
26                   Representatives regarding what, if any, further assistance is required.

27           CC: Vice Chancellor Kathy Cavins-Tull, Dr. Scott A. Sullivan, Dr. Richard C. Gipson,  
28           Steven G. McGee, Mike Russel, and SGA Cabinet
